

I hereby confirm Edu Development sp. z o.o. Złota 75A/7, 00-819  
Warsaw, Poland,

The purpose of this letter is to recommend Edudevelopment sp. z o.o. based on the Adform team's experience with provided services. Edudevelopment was selected to be an Education Partner of .NET Academy in Kaunas Lithuania, and I'm extremely pleased with the quality of the education project they were able to provide.

.NET Academy was conducted with almost 500 hours of training and workshop sessions. including .NET framework, developer environment, and tooling training.

The group of 10 people was attending the Academy sessions in September - December 2022.

A few examples of their high-quality training include:

- complex support from the very beginning to the end of the project
- elastic approach and close cooperation
- satisfying results and final education level achieved by students during the Academy, which caused very high Academy recruiting effectiveness

I am thrilled to recommend Edudevelopment and trust that experience of working with Edu will be as positive. If I can answer any additional questions about my experience as a customer, please feel free to contact me.

Sincerely,

**Arūnas Vilčinskis**
